

Trinity Tidings

March 28, 2022

Principal's Corner It is amazing how connected we can be in today's world with technology. I can be in another state, but still receive email access to my files back at Trinity and even print something to the printer at school. It is all great when the technology works, but when it goes wrong, we usually get very frustrated, and it can ruin plans. This got me thinking about how we can improve our connection to God. We can pray to him at any time, and he will hear us. We do not have to worry about being connected to the internet, having the right password, the possibility that the whole system will crash or that we may be disconnected. God gives us his word, and is always ready to listen. So, no matter how connected you are with technology, make sure you stay connected to the one who created each and every one of us.

Bible verse of the Week 1 John 1:7 "But if we walk in the light, as he is in the light, we have fellowship with one another, and the blood of Jesus, his Son, purifies us from all sin."

Grades K, 1 & 2 will sing at the Sunday, April 3, 10:30 am church service.
