March 29, 2021

Principal's Corner Right now, there is a lot of uncertainty in my life. As I find out more about the tumor in my body, I am trying to wait patiently to find out what the next steps will be. My first inclination is to say, "Let's operate tomorrow and remove this thing." But I know that is not how it works. In all this uncertainty, the one constant is God. God loves me, He loves me so much He sent His son to die on the cross for me. God is with me through all things, He never leaves me. God has a plan for my life, I need to be patient to know what it is. God works for good in all situations and I need to trust Him. **God's Got This!** I am trusting in Him no matter what the outcome. **Faith, Hope, Heart.**

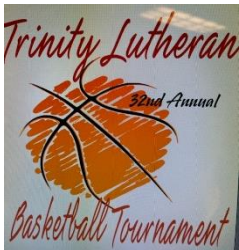

NO SCHOOL Thursday through Monday, April 1-5. **Happy Easter!**

March Chapel Offerings will be given to the **TLC Caring Fund**. This fund assists families in the community with financial needs, such as helping with utility bills to help keep them warm and gas for vehicles so they can travel. \$131.78 has been received to date.

Report Cards will be given out at scheduled conferences. For those with no scheduled conference, report cards will be sent home on Tuesday, March 30.

If a conflict arises with the time of your parent-teacher conference, please contact the teacher.

32nd Annual Basketball Tournament T-shirt

Although we usually sell T-shirts during our annual Basketball Tournament, that did not happen this year. And even though the season has come to end, we still

want to support our Basketball Teams by selling a commemorative t-shirt. The design will be printed on a grey t-shirt. Price is \$12 for S, M, L, XL, and \$14 for 1X and 2X. Forms are being sent home with students on Tuesday, March 30. Please return your order form by Wednesday, April 7.

MATHCOUNTS We entered a team of four students in the National Mathcounts Competition: Isaiah Berndt, Ethan Born, Luke Cahill and Andrew Holub. At the District level, Isaiah, Ethan and Luke placed high enough to advance to the Chapter Level. At the Chapter Level, which includes most of South-Central Minnesota, Ethan and Luke advanced to the State Level.

The 2021 State Competition took place for all competitors at the same time, 7:00pm ET on March 25 on the AoPS Contest Platform. We will know results by April 1st.

Congratulations to all four of these students for qualifying to participate in this competition and making it to the levels they did. The next level would be the 2021 Raytheon Technologies MATHCOUNTS National Competition in Washington, DC on May 8-11.

Mathcounts provides engaging math programs to US middle school students of all ability levels to build confidence and improve attitudes about math and problem solving. Their approach is to make learning math fun. Middle school is a critical juncture when a love of math must be encouraged, and a fear of math must be overcome. Their programs build problem solving skills and positive attitudes about math, so students embrace challenges and expand their academic and career opportunities in the future.

We invite the Parents and NEW Preschool children to come visit our Preschool Classroom to learn about our Preschool Program. Due to COVID protocol this year, we have replaced the Open House with personal visits on **Monday, April 19, during the hours of 6-8 pm.**

Please call 507-231-6646 to schedule a time for your personal visit.

Information is being sent out to potential students today. If you have a child or know of anyone who is interested and does not receive a packet this week, please contact the school office.

The purpose of Trinity Lutheran School is to equip the child to grow and serve as a disciple of Jesus Christ.
