

Trinity Tidings

May 16, 2022

Principal's Corner We are getting close to the end of another school year. It seems like just yesterday the students were coming to school meeting their teachers, seeing old friends, and meeting new friends. And now we are getting ready to close out the year. These school years seems to go faster and faster the older I get. I have grown to appreciate each and every day that God gives me, and I pray to God that He will show me what to do each and every day. Growing our relationship with God, through attending church, bible study, reading devotions and prayer are all important parts to grow closer to God, so we can hear his voice and know what plans he has for us. The school year may almost be over, but God's plans for our lives continue each day he gives us here on this earth.

Bible verse of the Week

Psalm 119:11 *I have stored up your word in my heart, that I might not sin against you.*

Planets, Planets, Planets After attending the Sky Dome Planetarium in our gym in April, the 2nd graders have spent two weeks learning about space. Last week they made paper mache planets and a solar system mobile.

They learned about moon phases using Oreo cookies!

Mrs. Steel in her Space Dress.

Each student selected a planet to research and wrote about it.

They ended the week by each student making their own space shuttle!

Learning about space was a venture into the unknown, looking at 'what if' scenarios, promoting creative thinking and expanding curious minds.
