May 20, 2019

Principal's Corner Another year is almost over. One more week and school will be out for the summer. It seems like school just got started and now the students are leaving. There has been much growth this year with the students of Trinity. Some can be measured physically, as students grew taller or are wearing bigger shoes. Growth is also measured academically, as we look at test scores over the year. It is also measured emotionally, as we see students maturing and making better choices. But spiritually is the one area we really want to see growth. We see that growth through our students helping out those in need, caring for those that are sick and hurting, or encouraging a classmate who is having a bad day. We see that growth through the love they show, just as God showed us that love by sending our Savior, Jesus Christ. As we close this 129th year of Trinity Lutheran School, we praise God that we have that opportunity to teach children about God, so that He becomes an important part of their life.

There are many school activities taking place in the final week of school:

God's Beautiful Creation

Once again, our Kindergarten students watched the wonder of God's creation. They were able to observe and record the growth of their caterpillar pets. They learned about the life cycle of a butterfly and enjoyed watching changes as they occurred. The students observed the caterpillars climb to the top of their enclosure and create a chrysalis, and then finally to emerge as butterflies. Last Thursday, they released the butterflies. How exciting for the students to witness this miracle of life!

3 SUMMER READING PROGRAMS

Reading over the summer is a great way for students to retain information that may otherwise be lost before next fall.

Trinity's Summer Reading Program We are asking students to read at least 1 bible verse on 50 of the 95 days of summer. Turn in your log on the 1st day of school.
