Principal's Corner

In reflecting back on the Christmas story, I was thinking about how the Shepherds and Wisemen came to see Jesus. The shepherds had an angel come to them and proclaim the Savior is born, go see him. The wisemen saw a star in the east

and looked for the meaning and came to find the newborn king. The shepherds were the only ones to see the angel, everyone that looked up to the sky saw the star. As Jesus

gave us the great commission to go and make disciples of all nations there are two ways to go about this. For some people we must proclaim the good news directly to them, like the angel did for the shepherds. We need to be direct and tell them about Jesus and where they can find him. But for others, we just need to lead our lives and follow God's commands and people will notice something different about us which may lead them to ask, why are they different which may lead them to Jesus. This is like the wisemen who saw the star and went to find where it was leading them. Our task then is to pray to God to find out who do we need to talk to directly and what His will is for our life so that others may see God's light shining through us and come to His light.
